reaching out

reaching out to help

we are searching to find ourselves
and our place on this planet.
we realize that a truly
rewarding and fulfilling life is to
reach out for the
many experiences of life. every day
we reach out to help;
every day we reach out for
knowledge; every day we reach
out to appreciate life; and
most important
we reach out to each other. we
will walk through this life but
once . . . only good which
we intend to do we
must reach out and do now . . .
for tomorrow may be too late.

model cities and community action are two organizations which help the citizens of baltimore

the youth are concentrating more on what they owe the world rather than what the world owes them.

mr. merrill, a math teacher at western, was a peace corps worker.

lee kappelman was the volunteer youth campaign manager for schaefer for mayor.

anita spivak, a volunteer announcer and licensed controls operator at wbjc-fm, is baltimore's only female rock announcer.

reaching out to serve the students

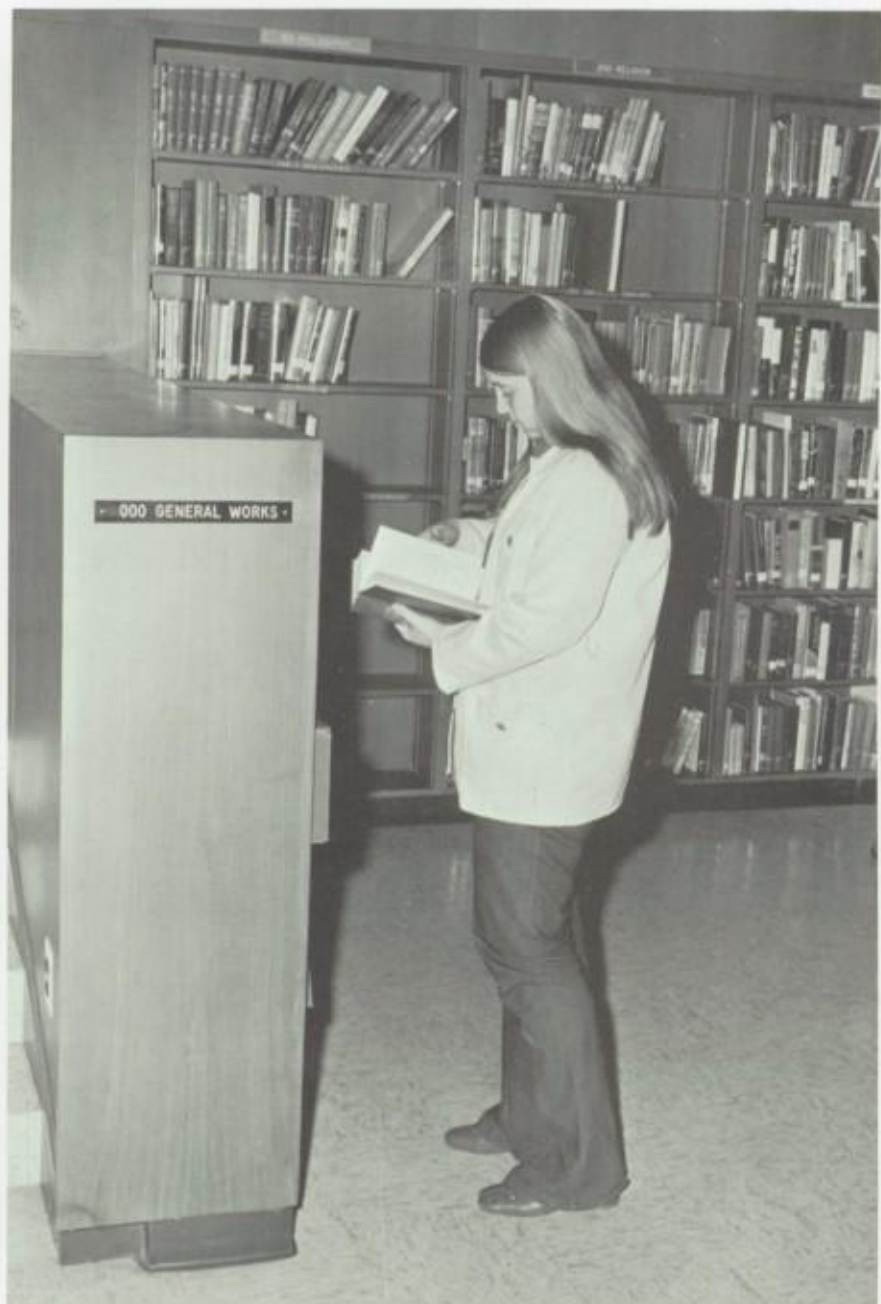

reaching out for knowledge

knowing is not enough;
we must apply.
Willing is not enough;
we must do.

goethe

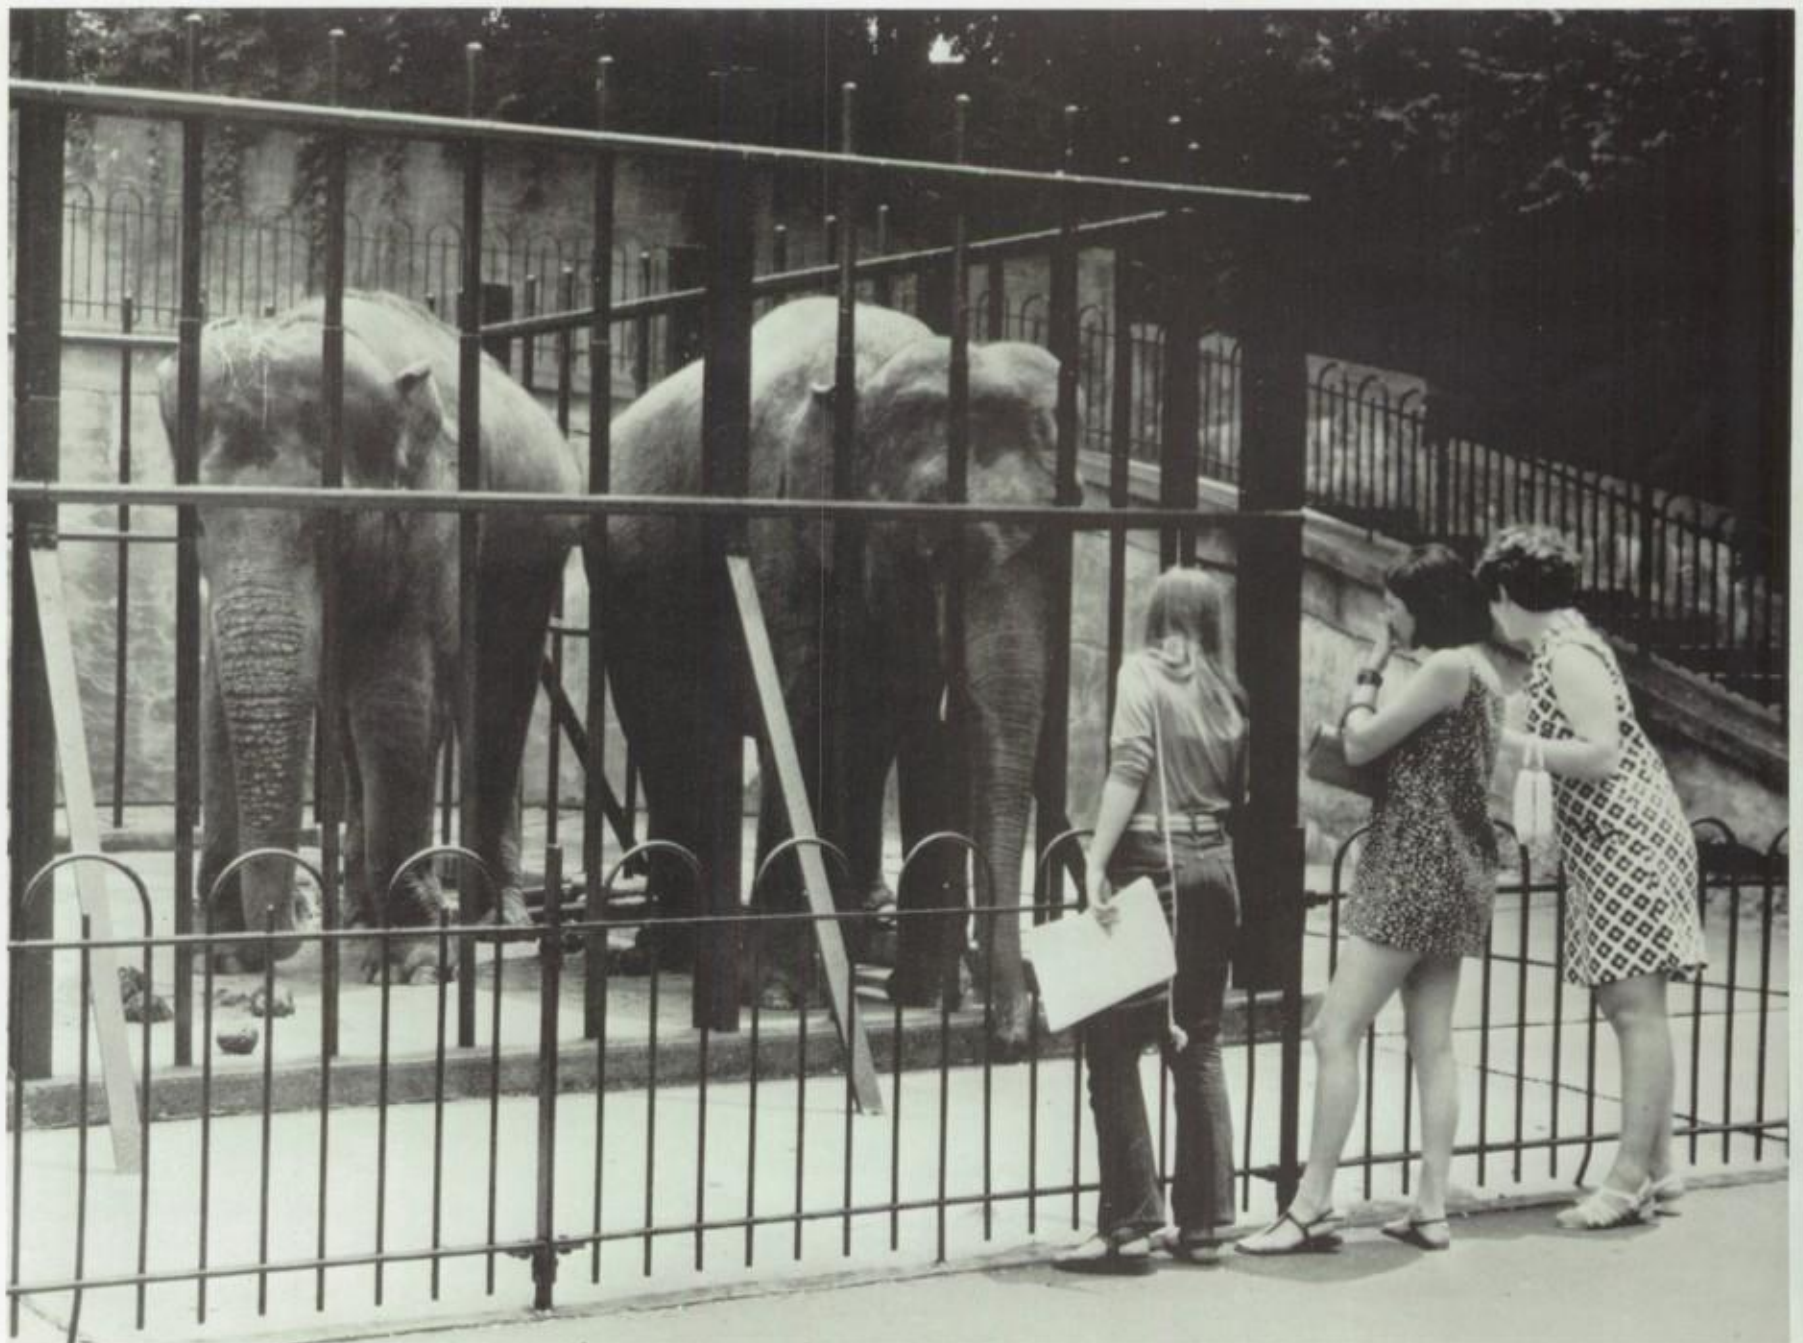

we are lucky because we have been given the chance to learn in this school. We realize that some people have not been as lucky as we have been. it is our duty to reach out and share some of the knowledge we have acquired through the years.

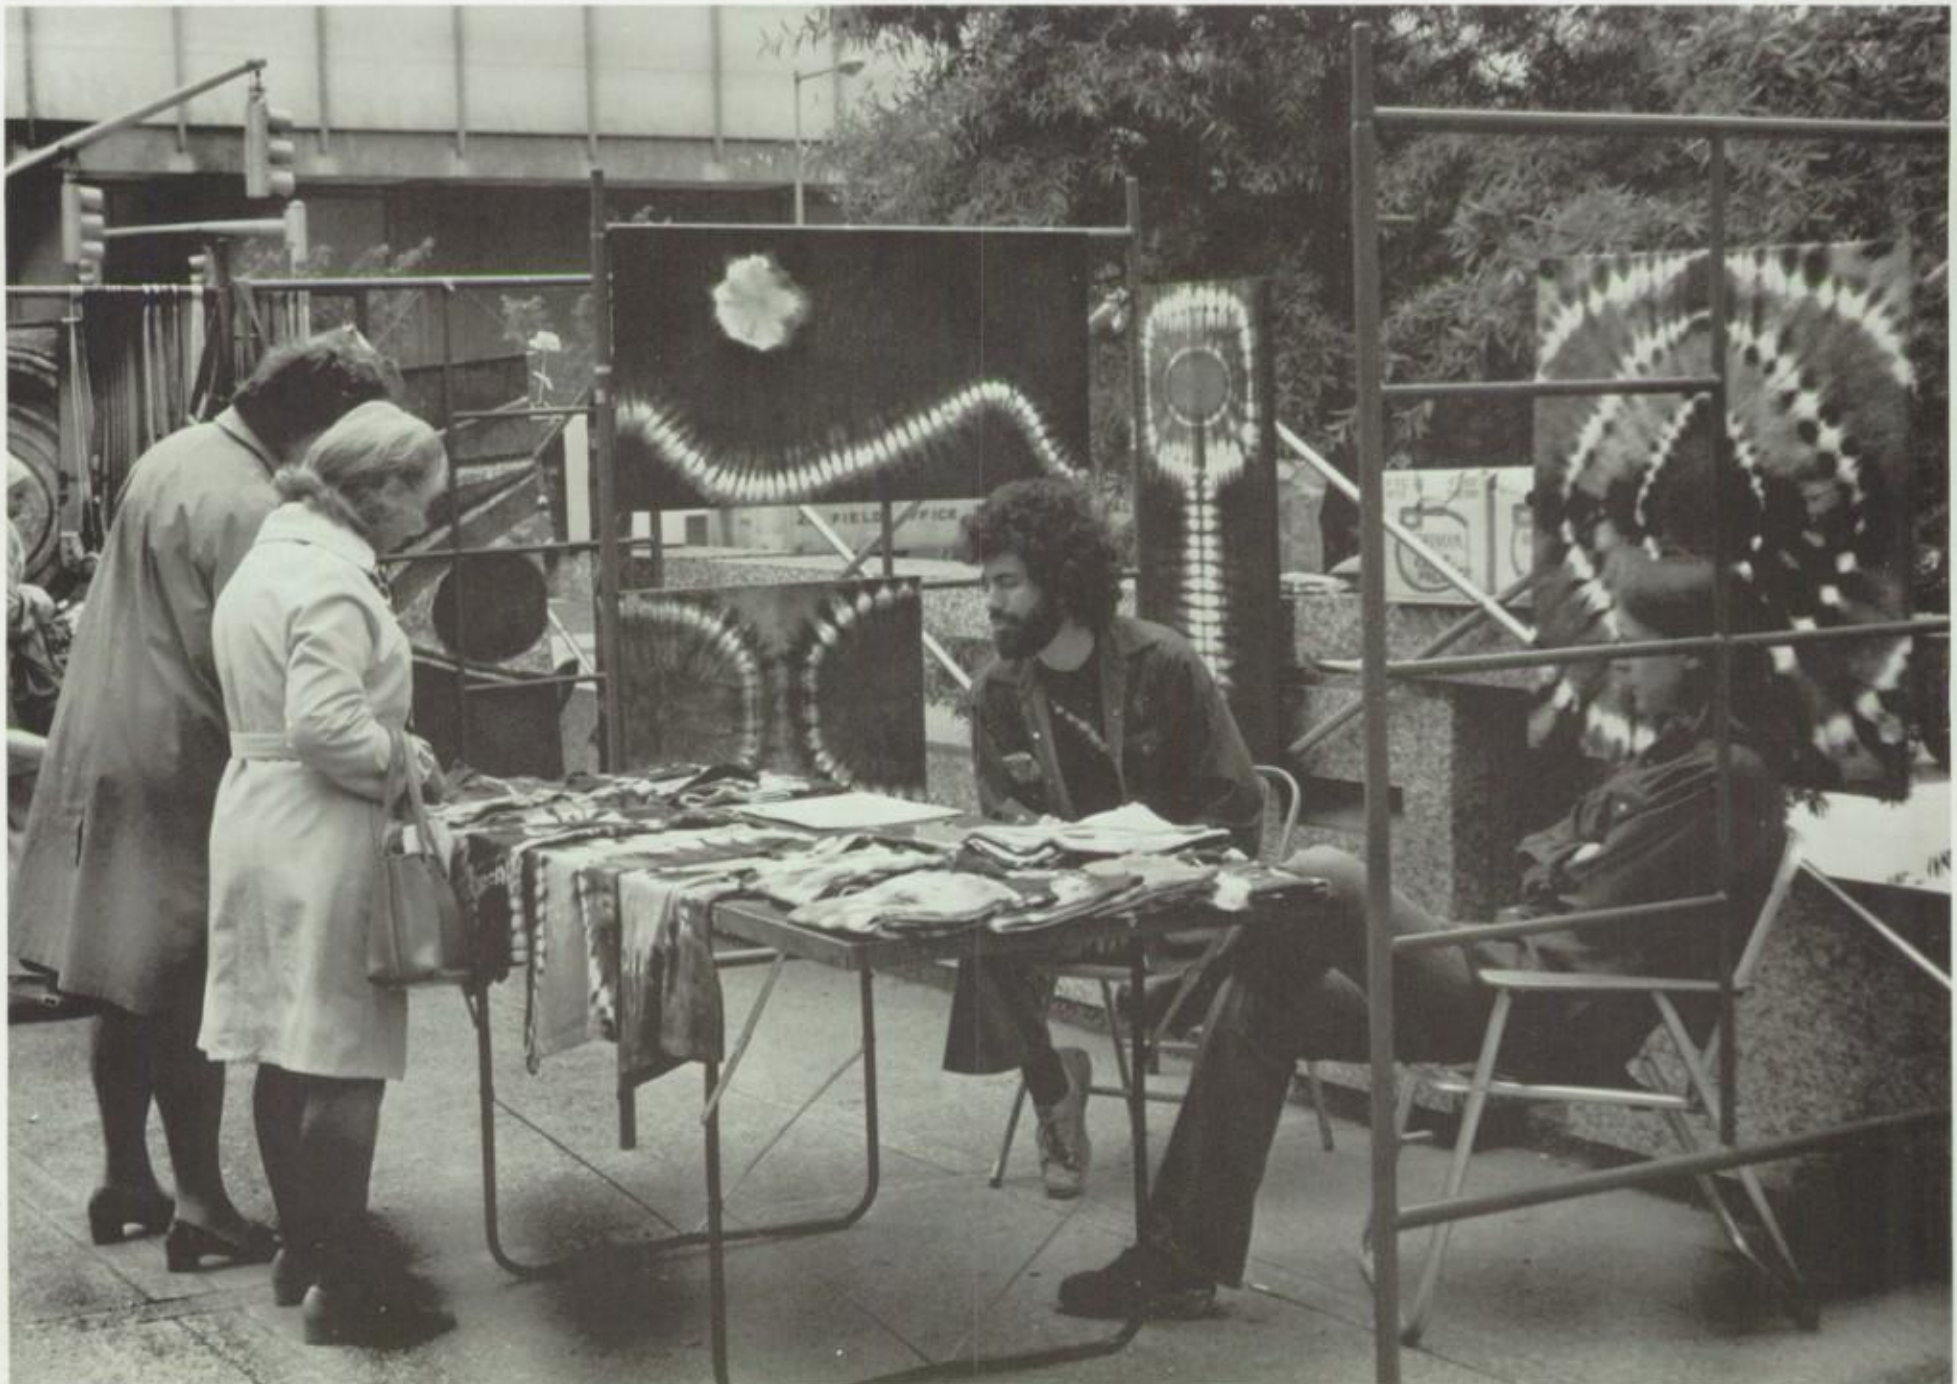

reaching out
to appreciate
life

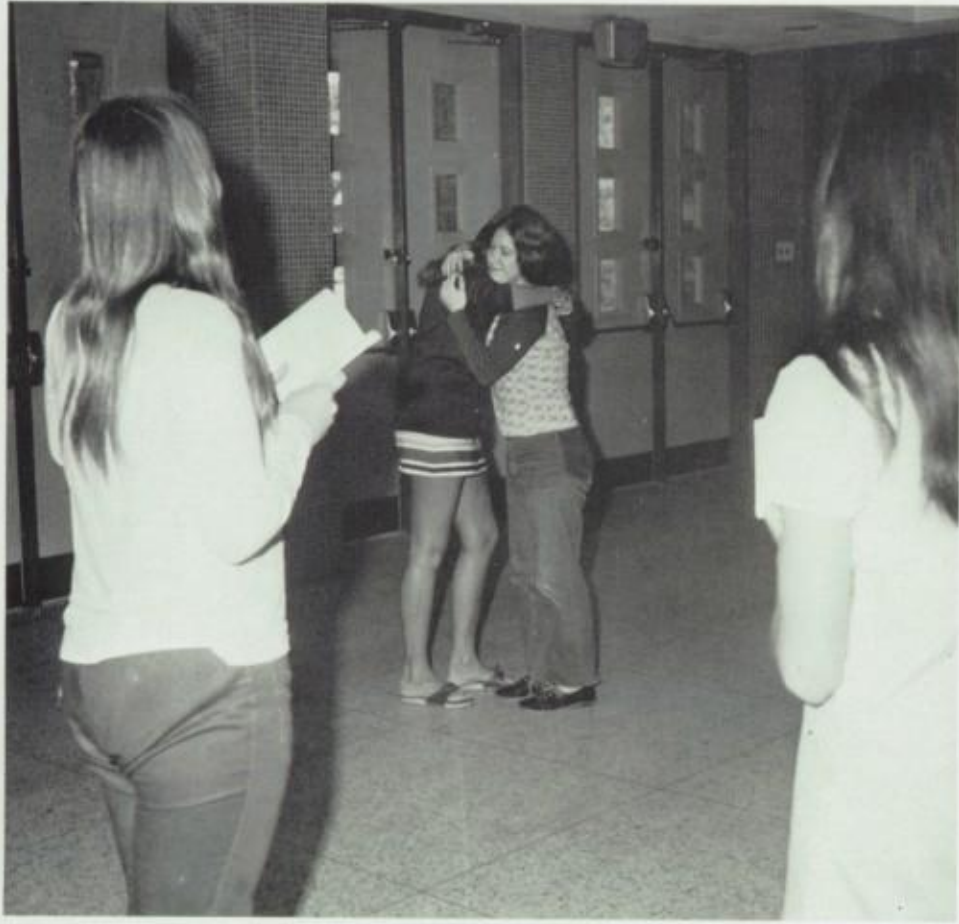

fairs are children, games, fun,
prizes, people, cotton candy,
clowns and apples on a stick.

reaching out to each other

in order to reach out to each other
one has to put aside all prejudices. a
person has to understand others.
She has to become involved in order
to feel that her life has any meaning
at all.

life can be an experience
with many facets . . . reach
out to embrace it.

class history

our story . . .

it began in march of 1969 when almost everyone in the four freshman classes worked on some phase of our production for freshman day, barbarina. this operetta is the story of young lovers who overcome great odds to live happily ever after. and so the class of '72 came to western.

sophomore day, our first class reunion

the class of 1972 has the distinction of being the first class to occupy two buildings, falls road and the annex on howard and centre sts. sophomore day was celebrated in may, 1970, with two productions presented by each branch of the sophomore class.

"... a wondrous woven magic
in bits of blue and gold ..."
carole king

class unity was achieved on junior day under the guidance of our advisors, miss kosictek and mr. carroll, and the leadership of our class president, bonita cody. on november 18, 1970, the class of '72 combined its talents and enthusiasm to make the double assemblies work. the first project attempted by the whole class was a huge success. we called our talent show super bad and proved that we really were.

the theme of the revel was "it's a mad, mad world."

the freshman class sponsored a surprise booth. the surprise: balloons.

spring revel, 1971

"happiness is . . ." was the theme of the 1971 spring revel.

tickets for food and drink, art work, and handicraft by students, were sold.

senior day

september 28, 1971, marked the official start of our senior year at western. the program traditionally began with the processional. seven hundred sixty-one young women walked proudly down the aisle of their soon-to-be alma mater. the class banner was once again presented to mr. fortunato. music was supplied by the senior ensemble and the gospel choir. our speaker was the reverend vernon dobson, pastor of union baptist church. the program ended with the singing of the class song and *dear western*. much of the credit for the planning of senior day goes to our class officers and to our class advisors.

we have reached the end of one phase of our lives and are beginning a new one. in future years, we the class of 1972, shall look back on our years at western high school. in a harsh world, western has given us insight into the art of caring. here at western, we have learned to reach out, to understand, and to love. through exposure at western to people of different backgrounds, we will be able to better understand the problems of our society and to cope with them. during the years we have spent at western, the term "establishment" has become synonymous with injustice, bigotry, and hatred. however, as members of a new "establishment," it is our responsibility to re-examine the basic principles on which the present society operates. western has given us the necessary knowledge with which we can make a better world. we hope that we can bring her honor and esteem, for she has taught us a valuable lesson:

lucem accepimus, lucem demus

dear western

dear western, we greet thee with
songs of thy praise
and with hopes that unchanged
may be,
that forever in safety each ship
thou wilt guide
o'er the tempest of destiny's
sea.

may thy colors for aye wave
proudly on high.
may thy name e'er be linked
unto fame;
for we've loved thee, now love
thee, and ever shall love,
and ever shall honor thy name.

class song

we are the class of '72
and we do love and honor you in every way.
we'll try our best to show respect to western
and to the teachers who have helped us through.

and in our hearts we'll always hold
a place for our rose, and blue, and gold.
and thru the years at western high
we'll learn to love and beautify all our hopes.

and dreams.

and we'll remember western high forever.
forever she will always be our guide.

loyalty song

let our voices blend together
in the praise of western high;
freshman, sophomore, junior, senior,
our spirit will not die.
your traditions of truth and honor,
of loyalty and right,
are the ideals you have given
to each westernite.

western's faculty and students
pledged to work in harmony,
to make us worthy leaders
of our community.
her achievements have been proven
by her colors flying high.
the red and black waves proudly
over western high.

chorus:

to you, western high school,
we pledge our faith and loyalty,
to serve your name in love and honor
and to follow your standards faithfully
for e'er we'll remember your motto so true:
we've received light, let us give light —
a lesson well learned from you.
